Free download 720p Watch The Promise Download Movie Online Free 720p Like any horror movie, the first half is good. It's exciting and pretty and at times gripping. This is the background, the set up, the make-up and the formula. But then things start to fall apart. Several things go horribly wrong. We're in the home of our lead priest character, Father Michael (Kevin Bacon). He's a priest. He's a true believer. He's seen some stuff. He's got a girlfriend. His home is a magical place, a sanctuary of good and light. Then two men, going about their own business, turn up and start taking things from him. These strangers have no business being in his house. After much fighting and screaming, one of them dies. This is the moment, and everything that follows is made to look like someone who has committed a crime. Just the opposite is true. This is a murder, and it's a perfectly normal, everyday murder. The rest of the movie is pretty much set up for the rest of the movie, as the killer is on the loose and the police are looking for him. But then Father Michael receives a letter from his girlfriend (Who we haven't seen since the start of the movie) telling him that she's pregnant and that she's at risk. Even worse, that letter is a setup for the ending, because it contains a photo of the man who's been stalking Father Michael, and the police have it. So the movie takes a sharp turn, and the cat-and-mouse game begins. We're looking for the letter writer, we're looking for the murderer, we're looking for the killer. In the meantime, Father Michael starts wondering about the fate of his girlfriend, what she's been doing and where she's been. It's a gripping and unpredictable movie, and it's all done in a small town, with a lot of things going on in the background and the ordinary world very much on our minds. If you want to try this one, you're in for a treat. It's a very strange film. I was so impressed with what I saw I could have watched it twice. But it's also a very low-budget horror flick with a lot of potential. The film was directed by William Peter Bl 82157476af
